***See Attached Refund Policy**

Muskingum Valley Council
Boy Scouts of America
High Adventure Program
Refund Policy

Our High Adventure Program refund policy is, and has always been that your initial deposit to reserve a spot for one of our High Adventure programs is non refundable but, the balance of any fees paid would be refundable only if another person filled your spot and we still maintain the required minimum number of participants established for the particular trip in question.

Special circumstances do arise such as a health condition, death in the family, unforeseen financial problems, job changes and other such items.

Therefore it is the policy of the Muskingum Valley Council to review these special circumstance requests for a refund of the amounts paid above the initial non-refundable deposit on a case by case basis.

A special circumstance requests would only be considered if the Expedition is overbooked and some else pays in full and takes your spot.

For example if the required number of participants for a Philmont Expedition is 40 and we are only at 35 we would not consider a refund of your deposit.

A refund of your deposit in this example would only be considered if we have payments of deposits from 41 participants (this would include yourself and if you were first on a refund list).

At any given date once a trip is announced the Council makes non refundable deposits or payments for such items as bus service & airline tickets to guarantee the cheapest fares and non refundable deposits or payments to the High Adventure Camp to assure our reservation. These companies will not consider a refund of any of our deposits and may not consider a refund of our payments under any circumstances.

If you wish to be considered for a special circumstance refund of your deposit and be dropped from an expedition you must apply with the Service Center immediately to be placed on the refund list (first come, first served).

If you apply for a refund of your deposit you would need to check with the Service Center on a regular basis (every 30 days) to see if the Expedition is overbooked and at that time your request will be reviewed.

We must follow our established guideline to keep our High Adventure Trips as economical as possible. Please remember that the Council operates these Expeditions as a no profit, balanced budget activity.
